

**ALABAMA COMMISSION ON HIGHER EDUCATION
2017 MEETING DEADLINES**

A transmittal letter and one paper copy of all submissions should be sent to:

**Mr. Tim Vick
Interim Executive Director
Alabama Commission on Higher Education
PO Box 302000
Montgomery, AL 36130-2000**

In addition to a transmittal letter and paper copy, please send an electronic version to [Margaret Pearson](#), Academic Program Review Analyst.

Submission of the Notification of Intent to Submit a Proposal (NISP) or the Intent to Submit a Program Application (ISPA): Commission policy requires the submission of these documents prior to submission of the proposal (senior institutions) or application (two-year institutions) for a new program. The NISP [senior institutions] or ISPA [two-year institutions] remains in effect for a year.

If the proposal or application is not submitted within that year, a new NISP or ISPA must be submitted.

Because these preliminary documents remain in effect for a year, there are no posted deadlines for their submission. However, the following requirements should be kept in mind when anticipating the submission of a proposal or an application for a new program.

NISP: The NISP must be submitted at least two months before the submission of the proposal.

ISPA: The ISPA first must be submitted by the institution to the Alabama Community College System (ACCS). ACCS will review the ISPA and submit it to the Commission at least one month before submission of the program application.

Deadlines for New Academic Program Proposals/Applications

For details concerning the “Public Universities - New Program Application/Proposal Submission & Implementation,” process, please refer to that tab on the following page at the Commission’s website:

<http://www.ache.alabama.gov/Content/Departments/Instruction/Instruction.aspx>

All Program Proposals/Applications: For consideration of proposals or applications for new academic programs, submit the proposal/application no later than the date indicated on the table below. **Note:** Placement of items on a particular meeting agenda even when the deadline is met may be dependent upon the volume of proposals and other items received. The timeliness of peer review (when required) may also be a factor. Therefore, it is advisable to submit proposals as early as possible. The deadline for all submission dates listed below is 4:30pm.

Graduate Program Proposals: Deadlines for graduate program proposals are calculated to allow the minimum time necessary for the review by the Alabama Council of Graduate Deans and the Commission staff.

Community and Technical Colleges New Program Applications: The schedule does not take into account any Alabama Community College System (ACCS) deadlines. Please check with ACCS for additional requirements.
